Dear Mr. Maass,

This letter is in response to two requests dated December 13, 2018. Specifically, you have requested records pertaining to the Department's License Plate Reader program. Your request is being processed in accordance with the Maryland Public Information Act, Annotated Code of Maryland, General Provisions Article § 4-101, et seq. (MPIA).

Pursuant to § 4-203(b)(2) of the MPIA, I reasonably expected that it will take more than 10 working days to produce responsive records. The reason for this delay is that you have requested a great deal of enumerated records. Potentially responsive records must be sought from a number of persons/components of the Department requiring significant coordination.

As responsive records have not yet been compiled or reviewed individually for the stated reason, I do not yet know whether all of the responsive records are subject to disclosure or if redactions will be required, but, if any are to be withheld or redacted, the index created will explain the reason for that. A copy charge of \$.25 per page and \$40 per CD for electronic media will apply to the records you want copy at that time. I will provide you with an estimated fee as soon as I reasonably understand the number of records we have responsive.

Please do not hesitate to contact me if you have any questions or concern regarding the processing of your request.

Sincerely,

Christine Ryder
Custodian of Records
